TRANSFORMING WALLS, ENHANCING SPACES. _____

The elegant dimension for classy spaces.

The 300x450mm wall tile is crafted from high-quality ceramic material, designed specifically for interior wall applications. It ensures reliable strength and durability while remaining easy to install. The tile is available in a variety of finishes including glossy, matte, rustic, sugar, and elevation, allowing designers and homeowners to choose styles that match their spaces. Its water absorption rate of 10–16% makes it ideal for kitchens, bathrooms, and other wet areas, while the precision-cut cushion or rectified edges deliver a seamless and elegant look. Offering both practicality and aesthetic appeal. Resistant to stains and scratches, these tiles combine beauty with functionality, making them a smart choice for both residential and commercial wall applications.
